Soft Skills

- Creativity
- Attention to Detail
- Adaptability
- Collaboration
- Design Thinking & Sketching

Projects

Cleanify- Laundry Service Ecommerce App | Figma [🔗](#)

This laundry service website is designed in Figma with a focus on creating a clean, user-friendly, and professional interface. The design emphasizes easy service discovery, clear navigation, and a smooth booking experience. Thoughtful layout, typography, and color choices enhance usability and visual appeal. This project demonstrates strong UI/UX design skills, user-centric thinking, and proficiency in creating high-fidelity design prototypes.

LifeLink- BloodDonation Website | Figma [🔗](#)

Designed and developed a blood donation web application with Home, Donate, Emergency, Camp, and Request Blood modules for seamless navigation. Implemented an emergency workflow that sends notifications to eligible donors based on blood group and availability. Added blood camp listings and registration to increase donor participation and outreach. Focused on UI/UX with clear call-to-actions, responsive layouts, and an intuitive user experience.

Portfolio Website| HTML, CSS, JavaScript, TailWind [🔗](#)

This portfolio website is designed and developed using HTML, CSS, JavaScript, and Tailwind CSS to present projects and skills in a clean, professional manner. It features a modern, responsive layout with smooth interactions and consistent styling across devices. JavaScript adds interactivity, while Tailwind CSS ensures a scalable and efficient design system.
